Holy Eucharist Catholic Primary School Commitment Statement to Child Safety

A safe and nurturing culture for all children and young people at our Catholic school

‘The intention for this statement is to provide a central focus for child safety’¹ at our Catholic school, built around a common understanding of the moral imperative and overarching commitments that underpin our drive for improvement and cultural change. …

…Holy Eucharist Primary School together with the CECV will stay abreast of current legislation and will meet legislative duties to protect the safety and wellbeing of children and young people in our care, including the Victorian Child Safe Standards (Victorian Government 2016), mandatory reporting, grooming, failure to disclose and failure to protect requirements².

¹As defined by the Victorian Government Special Gazette No. 2 (2016), ‘children and young people’ in this document refers to those children and young people enrolled as students in Catholic schools in Victoria.

²Holy Eucharist Catholic Primary School Commitment Statement to Child Safety

EVIDENCE OF THIS OCCURRING AT HOLY EUCHARIST

• Holy Eucharist school has a moral, legal and mission-driven responsibility to create nurturing environments where children and young people are respected, their voices are heard and where they are safe and feel safe.
• Our utmost responsibility at Holy Eucharist is to create a child-safe school environment.
• Holy Eucharist is resolutely committed to ensuring that all those engaged in our Catholic primary school promote the inherent dignity of children and young people and their fundamental right to be respected and nurtured in a safe school environment.

Rationale:
Children need to respect the rights of others and realize that as individuals they are responsible for their actions. Part of the learning process is, in fact, learning how to act in a responsible manner within the expectations of our society.

We believe that a catholic school is a Christian community with a common vision which is centred on the person of Jesus and his teachings. Christian values such as respect, concern, care, compassion and forgiveness are seen in the relationships among all who make up school community- students, staff, parents and parish. It is a place where staff and students participate in the sacramental and liturgical life of the school and parish.
In a Catholic School the atmosphere and the programs provide the conditions for the faith of staff and students to be active and conscious and to be continually growing. Consequently religious education is explicitly taught and the total curriculum is designed and implemented within the context of Catholic values and attitudes.

The Curriculum of the Catholic School provides for the total growth of the child and so offers a variety of experiences, which will give the student a good educational grounding. The education offered in our Catholic Schools should prepare each student for further education and also develop in the child a personal relationship with Christ and a desire to be an active member of the Church community. In such an environment we believe that each student will come to believe in his or her worth as an individual and as a child of God.

(Vision statement – Holy Eucharist – A Catholic School).

Aims:
• To create an environment where the rights of all are preserved at all times, so that the staff can teach and the children can learn.
• To provide guidelines for staff and the procedures to follow in the management of inappropriate behaviour.
• To assist the children to become responsible members of society through the development of self-esteem and self-discipline.
• To assist parents in guiding their children in becoming responsible members of society.

Implementation:
The Principal and staff will be in charge of implementing this policy. The staff's task on the first day of the school year will be to outline the school discipline policy and procedures. Staff and parents will be involved in professional development during the year.
• Staff will be provided “discipline procedures” document on the first day of term 1. They are expected to be familiar with the Pastoral Care in Catholic Schools Document, and the Ministry of Education's Handbook which is available at the school. This is also available to parents and students on request.
• Parents will be provided with Discipline Handbook for Holy Eucharist School.
• Time will be spent be staff reinforcing the school rules. Parents will be provided with the current discipline procedures on “information night” at the beginning of the school year, and PSG meetings.
• Consultants provided by the C.E.O. and the children’s parents will be engaged to assist in implementing this policy.
• Zone Consultant will be consulted to assist staff in treating serious behaviour. Parents will be made aware of the possibilities of suspension at this time. (Follow procedure in Pastoral Care Document, Pg 27, regarding Serious Offences and procedure for serious infringement discipline handbook).
• The school rules contain six rules, a set of consequences and a set of positive reinforcements at beginning of school year.
• Teachers will be provided with the school rules for display in each learning area. The rules will also be displayed in toilets, office and staffroom. Children are expected to follow the school rules. Parents will be informed of constant misbehaviours.
• The Principal or a principals nominee is to record inappropriate or serious infringements of student behaviour in a set register, i.e. Discipline Book in the student services office. Additional supervised work may be used by classroom teachers as a consequence of inappropriate behaviour, but not outside and taking no longer than 40% of recess. Lines are not permitted.
• All disciplinary procedures will be in accordance with the procedures laid down by the Ministry and C.E.O. The major features are:
  -Children may be given detention (additional work) after school for up to 30 minutes, and may be detained at recess and lunchtime for up to 50% of the session.
  -Additional work may not exceed 45 minutes in a day.
  -Parents will be informed regarding after school work, the day before it occurs. Parents are to be informed by letter (to be approved by the Principal) of a child’s continued inappropriate behaviour and asked to assist in changing that behaviour. A copy of the letter will be kept in the office.
  -Corporal Punishment is not permitted at any time by anyone.

In the event of serious or continual misbehaviour, parents will be informed and, if necessary, the support of the School Services personnel will be obtained. Suspension will take place according to the C.E.O policy (in the Pastoral Care Document). This policy will assist the staff in providing an interesting, co-operative learning environment which will enable students, as far as is practical, to assume responsibility for their own learning and behaviour. The “discipline procedures” document will be stored in each learning area for reference.
**Evaluation:**
The Principal, staff, students and parents will provide an ongoing evaluation of this policy, which will highlight and give details of how the procedures used in the management of behaviour succeeded and achieving the aims of the policy.

The record of inappropriate behaviour kept in the office should be a useful reference.
