### **GRADE 1& 2**

#### **Week 3**

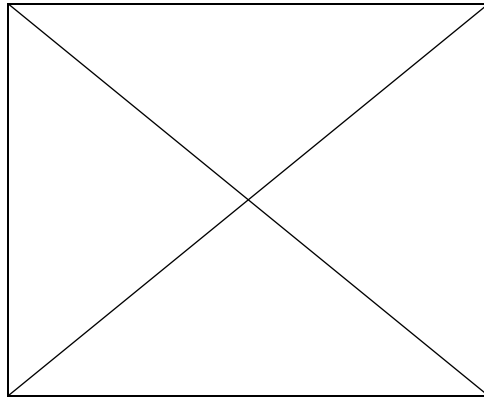

Last week you looked at different types of lines.

This week we will look at how we can use lines to make our artwork interesting.

We will make simple optical illusions which means lines that trick our eyes

<https://www.youtube.com/watch?v=SWbvpF2Q3Ws>

Cool 4 Triangles overlap pattern 3D line illusion - Art Therapy

Step 1. Watch the video. You can stop and start to see how the lines are drawn. Enjoy the meditative music as you draw.

Step 2. Use your ruler and draw an X on the white square piece of paper.

Step 3. Draw 4 small triangles inside the 4 big triangles.

Step 4. Follow the lines overlapping at the edges. They will look darker as you go over them.

Step 5. When finished see if your eyes get tricked.

## FUN ACTIVITY

<https://www.youtube.com/watch?v=JL4ULWg7Wb0>

See if you can draw a rabbit with the letter R  
( You made a rabbit with paper strips. Now have fun  
making a bunny rabbit with the letter 'R'
