# Prep

## week 3

**Step 1:** Watch the video on the skittles experiment.

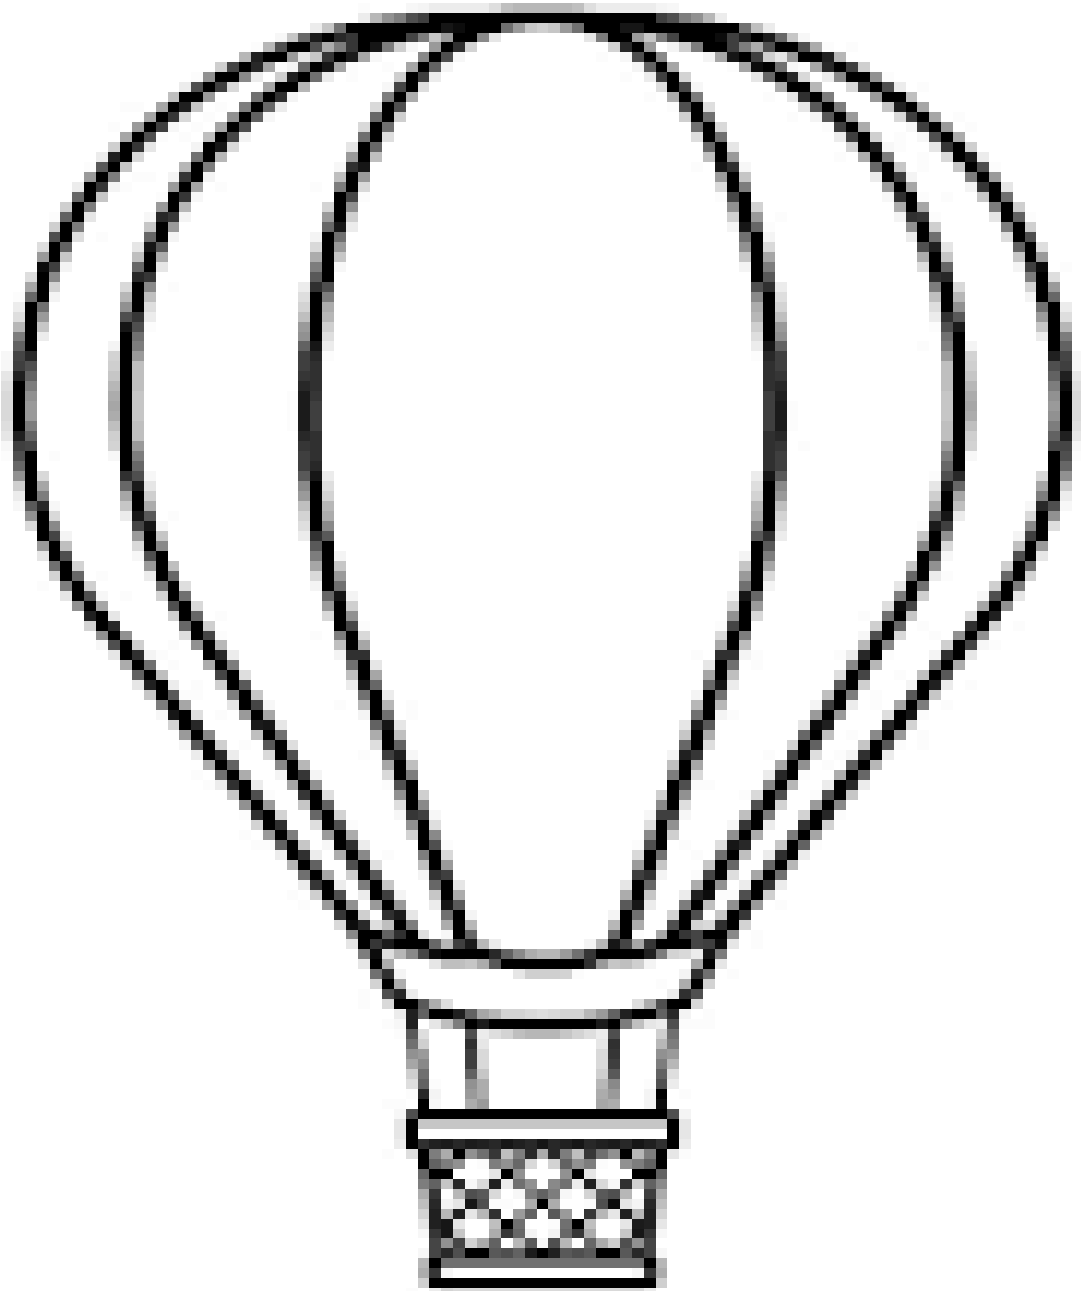

<https://www.youtube.com/watch?v=4FHbbc8v1Cs>

**Step 2:** If you have skittles, you can arrange skittles any way you like, around on the white plate, some in the middle and others around the plate or like a flower. Pour water and see the colours and the sugar in the skittles mix. See what clever patterns, colours and lines you create.

**Step 3:** Draw a BIG hot air balloon on your paper.  
You can use the video to help you draw or you can  
use the picture below.

<https://www.youtube.com/watch?v=XXtvTeHVVaM>

**Step 4:** Think about the beautiful colours and patterns you saw in the skittles experiment. Try to fill your hot air balloon with bright colours using coloured pencils or crayons.

LET'S GET EVEN MORE CREATIVE....

You can add clouds, people or anything else you can think of.
