

Music Term 3 - Week 7

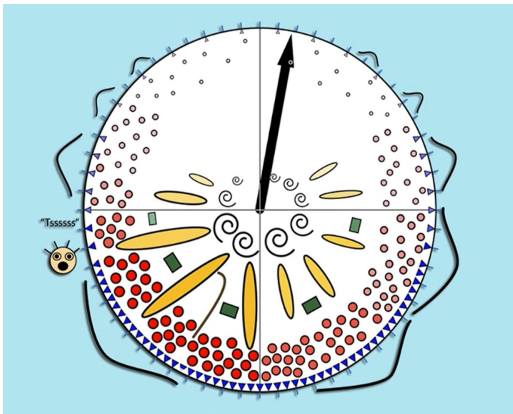

Grade 3 & 4

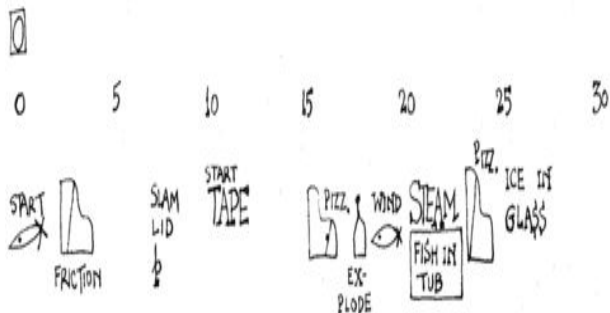

SOUND!

Damian.OBree@hestalbanssth.catholic.edu.au

Last week, you saw music written like this. It used shapes, dots, squiggles and other things. It was called **'Thunderstorm'**

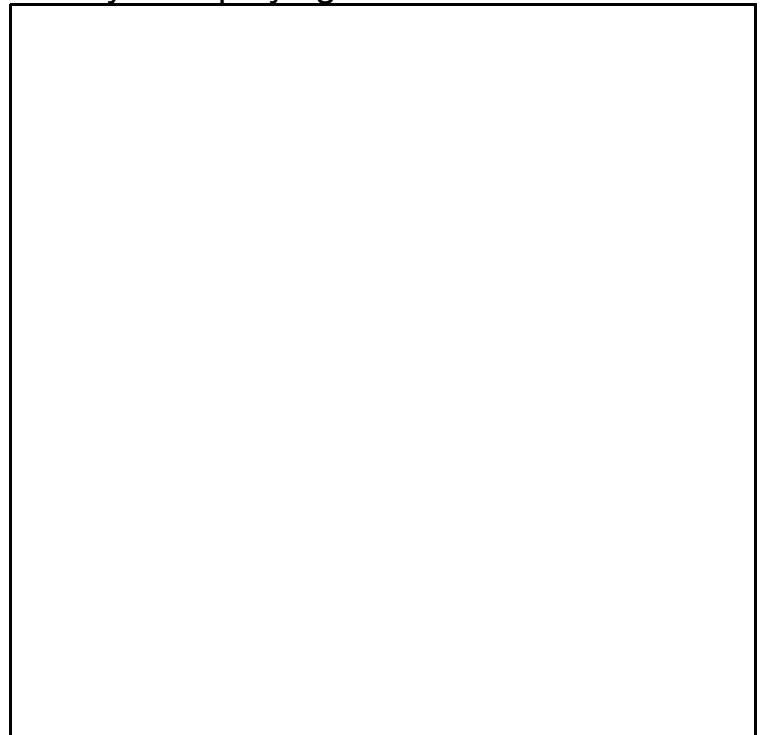

This one was written by the famous composer (music writer) **John Cage**. The numbers on the top mean how many seconds he wants each thing to be played.

This week, you have to draw your own music in **your** own way.

1. Think of what sounds you are going to use.
2. Draw those sounds in the box (or on another piece of paper).
3. Take a photo of your musical picture and submit it to Google Classroom.
4. Record yourself playing it. **Make sure I can see your musical picture** when you're playing it.

Have fun and be creative!
