

There's an Alien in my Bedroom

'... and so Flobot and Marty Martian lived happily ever after,' finished Mum.
'Read it again!' Ben cried excitedly. The Tales of Marty Martian was his favourite bedtime story.

'Not now, darling. It's time for bed. Goodnight,' his mum replied after she tucked him in.

Ben snuggled into his blankets and soon found himself drifting off to sleep.

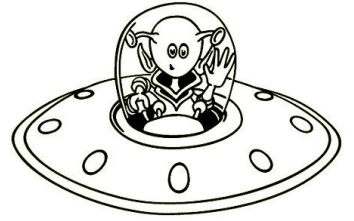

Suddenly, Ben woke up! Why was he awake? Then he heard it, a strange humming sort of noise. He listened carefully. It was coming from outside his bedroom window. Quietly, he hopped out of bed and put on his slippers (he didn't want to wake up Mum). Then he tiptoed over and opened his window just a crack.

'Zzzwwweeeee!!!' In through the window zoomed a ... a ... a... Ben didn't know what it was. It was hard to get a good look at it since it was zipping all around his bedroom. From what he could see, it was shaped like a football. Not a proper pumped up one, it was more like one that had a hole in it.

'Cool!' said Ben and at once the thing stopped behaving like a crazy mosquito and began to hover over Ben's desk. A beam of light shone down and from it emerged the smallest alien Ben had ever seen.

'He looks pretty harmless,' Ben said to himself. But was he in for a surprise!

F The Echidna (Spiny Ant-Eater) is a curious beast.

It inhabits Australia, from west to east,

It lays eggs - yet suckles its young,

And feeds by means of its long, sticky tongue.

If frightened, it digs straight into the ground,

But apart from sniffing, it makes not a sound.

Its claws are so strong it can deal mighty quick

7, 7, 8, 10, 9, 10.

1. Draw a Tally Sheet in your book to collect the data.

2. USE GOOGLE SHEETS TO PRESENT THE MATHS RESULTS.

STEP 1. Use the **TALLY SHEET** to create a **TABLE**.

Does your table use clear fonts and have headings at the top of each column?
Have you put borders around your table?

STEP 2. Put a suitable **HEADING** at the top of the table.

STEP 3. Using your table, construct a suitable **GRAPH** to show the Grade 5 students Maths scores.

Make sure there are labels on the graph and that it clearly represents the data.
Does the table and graph look neat and tidy?

STEP 4. WHAT I LEARNT FROM THIS DATA.

Under this heading, use percentages or fractions to write 3 things you learnt from the data.

Use **MERGE HORIZONTALLY** to merge cells for your sentences.

STEP 5. Write 2 questions you could ask about the data you have presented.

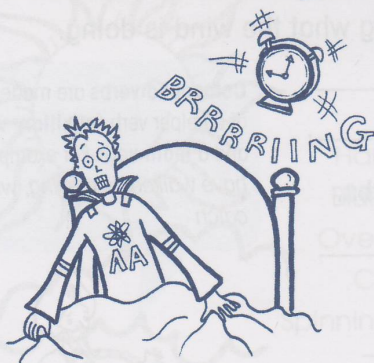

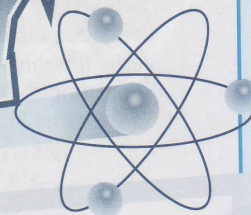

You may include a suitable picture to complement your work.

FINALLY CHECK THAT EVERYTHING IS PRESENTED CLEARLY & NEATLY.

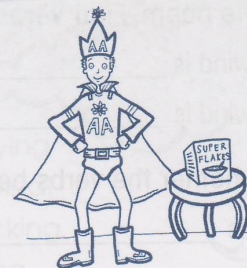

Unit 10

Focus: Verb tense

ATOM ANDY

Atom Andy is waking.

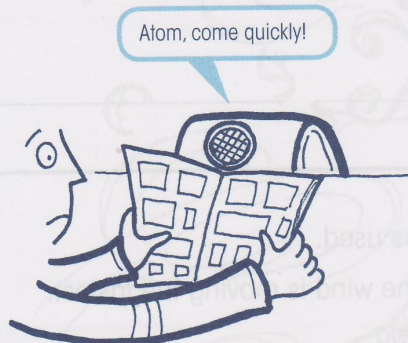

Atom Andy has woken, showered, eaten and dressed ready for another day at the Super Deeds office.

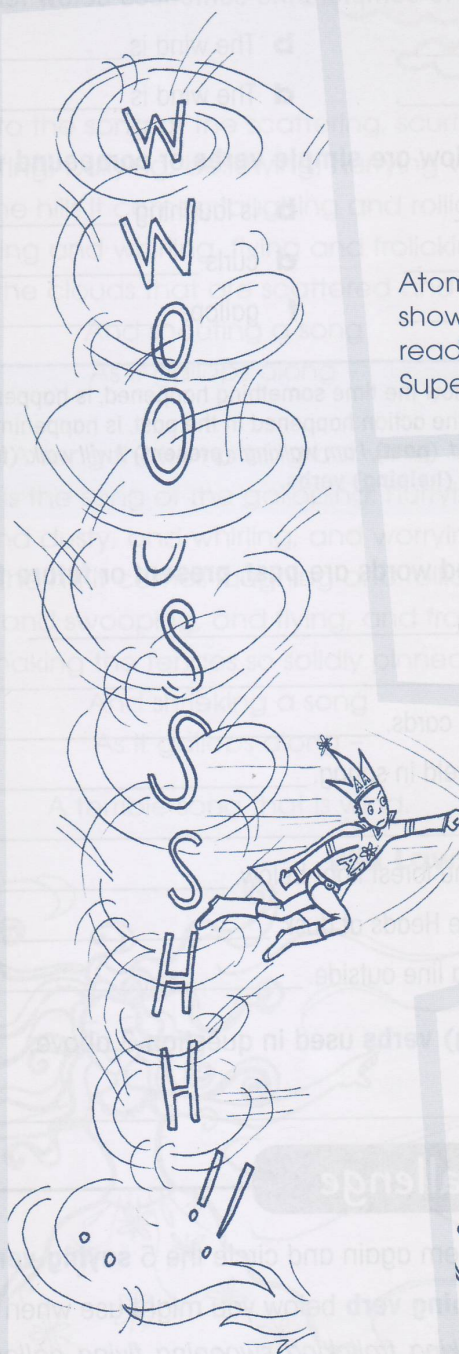

Atom Andy is leaving home.

Atom Andy has walked, hopped, skipped, run, swum, flown and crawled his way to work.

Atom Andy is receiving his first emergency call for the day.

Atom Andy has raced, hurried and sped to the scene of the emergency.

Mrs Atom Andy has given Atom his cut lunch which he had left on the kitchen bench.

Verbs not only tell us what is happening in a sentence, they also tell us the time the action takes place. This is called **verb tense**. Verb tense tells us whether the action happened in the past, is happening in the present or will happen in the future.

For example: *slept* (**past**), *is sleeping* (**present**), *will sleep* (**future**)

Helper or **auxiliary verbs** help to tell us the **tense** of a sentence.

For example: *was flowing* (*was*, the auxiliary, tells us the tense is **past**)
is flowing (*is*, the auxiliary, tells us the tense is **present**)
will flow (*will*, the auxiliary, tells us the tense is **future**)

- 1** Identify and write the **auxiliary verb** and **verb tense** (write **past**, **present** or **future**) of these sentences.

- a** Atom Andy has woken. *auxiliary verb* _____ *tense* _____
- b** Our hero will hurry to the scene. *av* _____ *tense* _____
- c** Andy is receiving his first emergency call. *av* _____ *tense* _____
- d** Mrs Andy has given Atom Andy his lunch. *av* _____ *tense* _____
- e** Andy's wife and his dog are waiting for him at the door. *av* _____ *tense* _____
- f** The Super Flakes were sitting on the kitchen table. *av* _____ *tense* _____

- 2** Rewrite these sentences as **past tense** by changing the **auxiliary verb**.

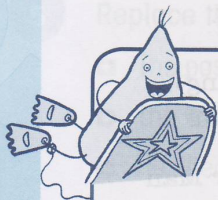

For example: *I am walking*. *I was walking*.

- a** They are eating their lunches.

- b** I am writing a story about a strange fish.

- c** Mai will bite her apple.

Star challenge

Write the following verbs in the **past**, **present** and **future tense** using auxiliary verbs when necessary.

- a** steal _____
- b** break _____
- c** see _____
- d** catch _____
- e** buy _____
