Visual Arts Term 3 week 10 Grades 5 and 6

Learning Intention: This week you will draw a simple pattern of a flower and fill it in with 3D spiral lines with the music in the background. You will enjoy this continuous use of lines without having to use your ruler, thereby strengthening your fine motor skills.

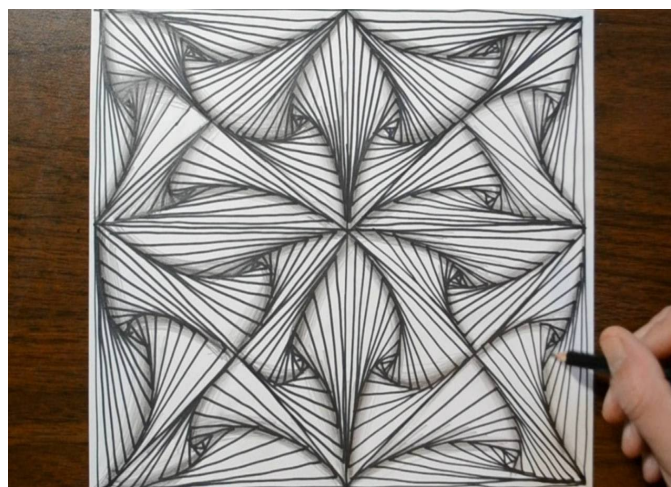

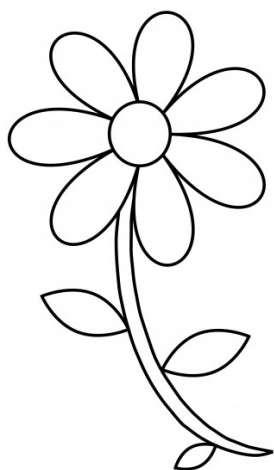

This is part of art therapy and good for one's wellbeing.

You will need a thin black marker

A4, white paper folded diagonally, to create an optical illusion effect.

You are using the elements of line, shape and form.
