

# Form 1A: Application for repeating a year level

Students attending Holy Eucharist School should progress to the next year level with their peers. Where a request to consider retention (repeating a year of school), a Program Support Group (PSG) meeting must be convened to carefully consider all the available information and any additional adjustments that could be made to the student’s educational program. A collaborative approach should be taken to review the student’s needs and to identify other educational options/strategies and supports that the school could offer instead of repeating a year level.

In exceptional situations, for example, due to student illness, personal family circumstances, or family relocation, schools may request that a student is granted an exemption to repeat a year level.

When considering if a student may benefit from repeating a year level, the Program Support Group should consider the student’s best interests, including factors such as the student’s age, academic performance, aptitude, ability and development, maturity social and emotional wellbeing, attitude, peer group support and dependence. Independent expert advice can be sought if necessary, from consultants, health or allied health professionals.

Research pertaining to year level retention (repeating) should also be considered (See Holy Eucharist School Retention Policy)

Where a close examination of the presenting factors has been conducted and the Principal forms that view that grade retention is in the student’s best interests, the completed application form should be forwarded to the Regional General Manager.

This application should be completed by the Program Support Group supported by the parent/s or guardian/s in consultation with relevant professionals and provided to the Principal. Where the Principal determines that repeating a year of school is in the best interests of the student, this form should be submitted to the Regional General Manager. In Victoria, compulsory schooling is from 6 – 17 years. Holy Eucharist School cater for students aged 5 – 12 years. Note that in a Melbourne Archdiocese Catholic Schools (MACS) school, students aged 13 years and over must be enrolled in a secondary school.
