Dear Families and Friends,

Welcome to Holy Eucharist Primary School, St Albans South. In an ever-changing world, your child's primary school years are of utmost importance in setting them up for 'Success in Learning and Life'.

At Holy Eucharist, the gospel values are an essential part of our teaching and Jesus is at the heart of everything we do. We are committed to establishing a strong bond with our families and parish, in order to help our children develop academically, socially and spiritually. We value the ongoing guidance and support of our Parish Priest, Father Vincent Pham who has supported the school, since the beginning of 2020.

Our school emblem features our motto to Engage, Educate and Empower. Our school's vision states that **Holy Eucharist Catholic Primary School is a place: Where strong professional relationships create successful contemporary Learning and Teaching opportunities within the Australian Catholic tradition.**

Holy Eucharist is a place where we:

- ❖ **Engage students through contemporary approaches to learning**
- ❖ **Educate students using a personalised approach**
- ❖ **Empower students to think clearly, act appropriately and embrace their wider community.**

At Holy Eucharist School, we place a strong emphasis on developing skills in literacy, numeracy and technology. These skills will assist our students in becoming critical thinkers and lifelong learners. Through the use of data, we are able to tailor a program that focuses on the individual needs of our students. We are able to provide opportunities for growth for all our students whether they have additional needs or they require extension in their learning.

We believe that strong family partnerships between families and the school make a great difference in a child's education. Research demonstrates, that when families and schools work closely and know one another, children's learning improves. Therefore, we want to continue developing stronger links between staff and families. As partners, we share the responsibility for our children's success and want you to know that we will do our very best to carry out our responsibilities.

Thank you for choosing Holy Eucharist Primary School as a valued partner in your child's education.

Mr Michael Bonnici
Principal

COVID-19 Information

As a school we have taken precautions due to the restrictions put in place by the Government to ensure that we are keeping our school community safe during COVID-19. We are not able to predict what will be permitted in 2023 regarding schools so we have provided some information about the safety precautions that we have put in place. We will continue to follow the recommendations set by the Victorian Chief Health Officer.

COVID-19 Update:

The Victorian Government announced that as of 11.59 pm on Wednesday 12 October 2022, the pandemic declaration and associated pandemic orders will end. Requirements for close contacts, like continually testing negative on a rapid antigen test (RAT), will become strong recommendations – joining the strong recommendation to wear a mask indoors, which will remain in place.

Changes to COVID-19 isolation requirements

It is strongly recommended that students:

- who test positive for COVID-19 should stay home and isolate for five days
- should not attend school after five days if still symptomatic
- who are symptomatic but have not tested positive should not attend school.

Where students become symptomatic at school, they should:

- be collected by their parents/carers
- undergo testing for COVID-19.

It is strongly recommended that staff:

- who test positive for COVID-19 should stay home and isolate for five days
- should not attend school after five days if still symptomatic
- who are symptomatic but have not tested positive should not attend school.

COVID-19 reporting requirements

The Department of Health recommends that a person who tests positive for COVID-19 should inform those with whom they have recently been in contact, including their workplace, school and household.

Schools are therefore asked to continue reporting positive COVID-19 cases to Melbourne Archdiocese Catholic Schools (MACS). Schools no longer have to alert the community of any positive cases.

Face masks

Staff and students who wish to wear a face mask should be supported to do so, and schools should continue to make face masks available for staff, students and visitors.

The Department of Health recommends that masks should be worn by a person who is a close contact of someone who has tested positive for COVID-19 when leaving home.

Additionally, the department recommends that masks should be worn by a person who has COVID-19 for 10 days after a positive test when they need to leave home.

COVIDSafe Plans

Schools must keep their COVIDSafe Plan in place, which should be regularly reviewed and updated as required. Our COVIDSafe Plan is available on our school website.

Our School

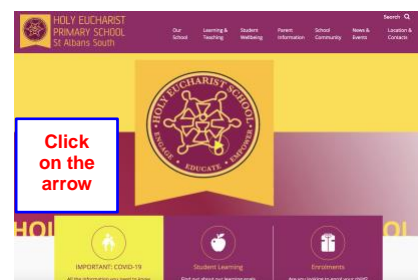

In 1971, Fr Anthony Guelen was appointed to build a new church and school in the Western suburbs, of the Archdiocese of Melbourne. Holy Eucharist Catholic Primary School in St Albans South began in 1975. The Sisters of Mercy established the school and Sr Leonie Glennen was appointed as the first Principal. At that time, Holy Eucharist School was the first 'open plan' Catholic School in the area. The design of the school was based on the 'open plan' concept developed in England.

The school currently has 523 students and 24 classrooms. Ever since the school and parish began, the population has been diverse and multicultural. Approximately 16% of students were born overseas and overall, 93% of the community are of English as an Additional Language background. Many of our families come from Vietnam, Philippines, China, Sudan, Ethiopia, Kenya, India, Sri Lanka, Pacific Islands, Samoa, Myanmar, Syria, East Timor, Europe and Southern and Central America. As a school, we place great emphasis on respect, inclusion and acceptance.

At Holy Eucharist School, Religious Education, Literacy, Numeracy are of the utmost importance. With this in mind, the school continues to provide purposeful teaching and learning in these fundamental areas of the curriculum. Learning outcomes are targeted to cater to the specific needs of students. Our school is well resourced – in both material and staff in the teaching of English. In 2023 we will have 2 Reading Recovery teachers, with 32 children accessing the program as well as Literacy Intervention teachers and a Numeracy Intervention teacher. The school also has a New Arrivals/Refugee teacher and a School Counselor who works 3 days a week at the school. We recognise the importance of technology in the 21st century. Technology is used to support the curriculum and to actively engage our students. We have technology in each grade level, which enables teachers to focus on skills related to technology and students are able to use these skills in the classroom. Each classroom will have a number of Chromebooks to support student learning.

Virtual Tour of Holy Eucharist School

During COVID-19, school life was interrupted. We made a virtual school tour available for families to see our amazing school. You can take a brief tour of our school by visiting our school website or by clicking on the following link <https://www.hestalbanssth.catholic.edu.au/home-video>. We hope that this presentation will provide you with some insight into this vibrant school. Room to Grow

The students at [Holy Eucharist School](https://www.hestalbanssth.catholic.edu.au), St Albans South, will have more room to move with ground broken on a new \$4.7 million expansion to the school.

This new development will give our students and staff the opportunity to grow and thrive as learners and teachers in the 21st century. The new classrooms will be suited to the specific needs of our students who come from a diverse range of backgrounds, allowing them to flourish and embrace all the future possibilities available to them.

The project includes eight new classrooms, a staff planning room, new toilet block, sport equipment room and a breakout room. The school was visited by St Albans MP Natalie Suleyman on behalf of the Victorian Government, which has contributed \$2 million to the project. The new facilities will form part of the celebrations for the school's upcoming 50th anniversary. The school currently has 535 students with expectations to increase to 600 in coming years.

Religious Education

At Holy Eucharist School, Religious Education is the central point from which our curriculum derives. Through the actions of our school vision statement we continue to provide an atmosphere where the learning experiences are based on scripture, tradition, liturgy and life. We provide a variety of opportunities for the children to develop spiritually, physically, intellectually and emotionally in their faith journey. We take into consideration our diverse multicultural and multi-faith community to ensure each child's faith grows through their family and the worshipping community.

Teaching and Learning

We endeavour to ensure that students reach their full potential. We aim to empower children to take responsibility for their own learning whilst providing them with strategies and skills to prepare them for an ever-changing world. Our learning community aims to provide a personalised curriculum which is purposeful and authentic; catering to the needs and experiences of every child.

Student Wellbeing

We acknowledge and celebrate individual differences and are inclusive of all students. Students' connectedness and resilience will be enhanced through the provision of quality educational programs and professional personnel. At our school we aim to provide a creative climate where all students can develop intellectually, emotionally, artistically and socially to their fullest potential. This experience provides a joy of learning, academic growth, arts exploration and acquisition of skills that exemplify responsible citizenship.

School Community

At Holy Eucharist School, we believe that strong family partnership makes a great difference in a child's education. As partners, we share the responsibility for our children's success and want you to know that we will do our very best to carry out our responsibilities. We know our role is important and we take this seriously, always seeking to improve our teaching and learning environments. Over the past few years, we have worked more closely with our families, sharing the learning and providing opportunities for families to develop stronger understandings of the learning at school. International research suggests, that when families and schools work closely, and know one another, children's learning improves. We have aimed to develop stronger links between staff and families, exploring new ways to communicate with our families and work together. We aim to help each child grow holistically and learn, ready for the ever changing world.

Student Camps and Excursions

Holy Eucharist believes that excursions and camps enhance student learning. These experiences provide the opportunity for students to increase their understanding through direct observation, information gathering and/or inquiry based learning. Excursions will be defined as any activity organised by the school that takes the students outside of the school grounds. This includes Retreats, Reflection Days, Camps and Pastoral Care activities that involve students leaving the school.

Camps

At Holy Eucharist we have a Camping Policy. The activities in each year level are sequential and help prepare children for independence through school based activities, in preparation for out of school camps. They are:

- Prep Breakfast at school.
- Gr.1 Dinner at school
- Gr.2 Breakfast and Dinner at school

Camps in Grades 3, 4, 5 and 6 have been established to bring about and encourage various attitudes and skills in our children. They are:

- Gr.3 1 night City camp experience
- Gr.4 1 night Bush camp experience
- Gr.5 2 nights Country Adventure camp experience
- Gr.6 2 nights Bush camp experience

The staff are currently parking their cars on the rounders court. Temporary fencing has been installed on the rounders court to keep students safe and away from cars.

For the time being, the pedestrian gate next to the hall (i.e. GATE 1, Gr Prep and Gr 3) will be permanently closed. Grade Prep will now need to enter/leave via the Church gate (GATE 2) and Grade 3 will need to enter/leave via the Administration gate (GATE 3).

The school provides many options for the payment of school fees. In December every family receives a School Fee commitment form which outlines the various ways to pay fees.

The office must be informed if your child is going overseas - Any family that goes overseas during the school year must still pay the full fees for the school weeks the child is away. This will ensure the school can keep a place for your child on returning to school.

School Nursing Service

All Prep children have a health assessment by the School Nursing Services with the parents' permission. Any children noted with health problems are reviewed.

School Uniform

- Our school uniform is an important part of our identity as a school community. It reinforces in students a pride in their own appearance, instils recognition of themselves as an integral part of the school community and assists in developing pride in representing their school. Issues of equality, health and safety and expense are also factors that contribute to the establishment of the Uniform Policy.
- It is an expectation that all students are wearing the correct school uniform at all times. If students are not wearing the correct uniform they are required to have a written letter from their parents explaining why they are out of uniform.
- Students not wearing the correct school uniform, will be issued with a letter informing the parent/guardian. The note will need to be signed by the parent/guardian and returned to school. The name of the student will be recorded at the school office.
